VOTES CAST FOR SEVEN PUBLIC QUESTIONS

Public Question Number 1

WASTEWATER TREATMENT BOND FUND ISSUE

Should the "Wastewater Treatment Bond Act of 1985", which authorizes the State to issue bonds in the amount of $190,000,000.00 for the purpose of providing local government units with loans, grants, and other forms of financial aid for the construction of wastewater treatment systems, providing the ways and means to pay the interest on these bonds, and also to pay and discharge the principal thereof, be approved?

INTERPRETIVE STATEMENT

Approval of this act would authorize the sale of $190,000,000.00 in State bonds to provide financial assistance to local government units for the construction of wastewater treatment systems. Of the total amount of bond monies, $150,000,000.00 would be used to establish a grant and revolving loan program administered by the Department of Environmental Protection. The remaining $40,000,000.00 would be deposited in the "New Jersey Wastewater Treatment Trust," an authority established pursuant to law. The "New Jersey Wastewater Treatment Trust" would be authorized to use these bond monies to secure local debt and to secure revenue bonds or other debt issued by the trust, the proceeds of which will be used to make loans to local government units for the construction of wastewater treatment systems. If the "New Jersey Wastewater Treatment Trust" is not established, the entire amount of this bond issue would be used to establish the grant and revolving loan program administered by the Department of Environmental Protection.

Public Question Number 2

RESOURCE RECOVERY AND SOLID WASTE DISPOSAL FACILITY FUND BOND ISSUE

Should the "Resource Recovery and Solid Waste Disposal Facility Bond Act of 1985," which authorizes the S t a t e to issue bonds in the amount of $85,000,000.00 for the purpose of making State loans to local governments units for the construction of resource recovery facilities and environmentally sound sanitary landfill facilities, providing the ways and means to pay the interest on these bonds, and also to pay and discharge the principal thereof, be approved?

INTERPRETIVE STATEMENT

Approval of this act would authorize the sale of $85,000,000.00 in State bonds, which would be used to establish revolving fund to make low cost loans to local governments for the construction of resource recovery facilities and environmentally sound sanitary landfill facilities. Construction of these facilities would encourage and facilitate the environmentally safe disposal of solid waste.

PINELANDS PROTECTION BOND ACT

Shall the act entitled the "Pinelands Infrastructure Trust Bond Act of 1985," which authorizes the State to issue bonds in the amount of $30,000,000.00 for the purpose of providing grants and loans to local units in the pinelands area for infrastructure capital projects necessary to accommodate development in the regional growth area in a manner prescribed by law, and which provides ways and means to pay the interest on the debt by the sale of the bonds, be approved?

INTERPRETIVE STATEMENT

Approval of this act will provide $30,000,000.00 for appropriation by the Legislature for grants and loans for transportation, wastewater treatment, water supply, and other infrastructure systems in the pinelands area. These projects would be approved only upon a finding that the master plan and zoning ordinance of the municipality, and the master plan of the county wherein the project is to take place has been certified by the pinelands commission to be in conformance with a comprehensive management plan and that the project conforms with the infrastructure master plan adopted by the pinelands commission.

Public Question Number 4

FINANCING RESOURCE RECOVERY FACILITIES FROM THE "NATURAL RESOURCES FUND"

Shall the "Natural Resources Bond Act of 1980" be supplemented to provide that payments of principal and interest on loans made for resource recovery facilities from the "Natural Resources Fund," and interest derived from the investment of that portion of the "Natural Resources Fund" allocated for resource recovery facilities, be deposited in the "Resource Recovery and Solid Waste Disposal Facility Fund" established pursuant to the "Resource Recovery and Solid Waste Disposal Facility Bond Act of 1985"?

INTERPRETIVE STATEMENT

Approval of this act would permit repayments of loans for resource recovery facilities made from the "Natural Resources Fund" established by the "Natural Resources Bond Act of 1980" to be made to the "Resource Recovery and Solid Waste Disposal Facility Fund" established pursuant to the "Resource Recovery and Solid Waste Disposal Facility Bond Act of 1985." This act would also permit interest earnings derived from the investment of that portion of the "Natural Resources Fund" allocated for resource recovery to be deposited in the "Resource Recovery and Solid Waste Disposal Facility Fund."

SIMULCASTING HORSE RACING

Shall the "Simulcasting Racing Act" and amendments to the horse racing laws, which authorize the simultaneous transmission by picture of horse races from one racetrack to another and the wagering thereon, all as regulated by the State, be approved and become operative?

INTERPRETIVE STATEMENT

Approval of this act would again permit horse racetracks to send and receive televised pictures of races and accept betting on those races. In addition, the act would permit "simulcasting" of certain races from out-of-State, such as the Kentucky Derby, and betting on those races. As shown while it was in effect, simulcasting would create off-season jobs at race tracks that would otherwise be closed, and would produce additional tax revenue to the State treasury at no cost to the taxpayer. Simulcasting would be licensed and regulated by the New Jersey Racing Commission.

Public Question Number 7

CONSTITUTIONAL AMENDMENT LEGISLATIVE DISAPPROVAL OF RULES AND REGULATIONS

Shall the amendment to Article V, section IV, paragraph 6 of the Constitution, agreed to by the Legislature, authorizing the Legislature to prohibit proposed administrative rules and regulations from taking effect and to invalidate existing rules and regulations, be adopted?

INTERPRETIVE STATEMENT

"State executive agencies are authorized to issue rules and regulations which have the force and effect of law. The Legislature may review those rules and regulations from time to time in order to determine whether they conform with the intent of the statutes. The Supreme Court of New Jersey has ruled that under the New Jersey Constitution in general the Legislature may not invalidate an executive rule or regulation except by adopting legislation subject to the Governor's veto. This amendment addresses that Supreme Court ruling by modifying the New Jersey Constitution to allow the Legislature to invalidate by resolution executive rules and regulations by a majority of the authorized membership of both the Senate and General Assembly and without presenting the resolution to the Governor for his approval. Its enactment would constitute a fundamental change in the relationship between the co-equal branches of government."
